

Product description

Modell: String Set – tune your Ken

The new **premium String Sets** from Kendama Europe are now available. They are designed not to twist to fast in the normal game, but at the same time they **are smooth enough** to your hand and not burning you **doing string tricks** like spacewalk combos. For the **endless fun and flow** we do suggest the **combination** with Kendama Europe's **Tune Up Sets** and the **Infinity Bearing**. The new Premium Strings from Kendama Europe are available **in eight different colors**, which will come in two colored packs.

Each String Pack contains two-colored premium Strings, two beads, a sticker and a mounting tool.
